

## ABOUT US

### OUR MISSION

The SF Glens fosters the growth and development of well-rounded youth on and off the field while creating the best possible environment to compete at the highest level their ability allows. We are a nonprofit organization that values diversity and inclusion. Providing access to all levels, backgrounds and ethnicities in a cost-conscious manner. We believe in community leaders, and so we also offer our players opportunities to serve others through our various club partnerships.

### FINANCIAL AID

We offer financial aid to all families in need of financial support, regardless of playing level or league and we follow SFRPD scholarship criteria. It has been our mission from the start to never turn away a single player due to financial challenges. Last year, we distributed over \$300,000 in financial aid through our robust scholarship fund.

### FIELDS

We utilize City fields through permits obtained from the SF Parks & Rec Department (SFRPD). As 2nd practices on SFRPD fields are limited to U11 teams and up, 2nd practice for U08-U10 and 3rd practice for U11-U19 will be on non-SFRPD facilities, including our brand-new Treasure Island facility, USF, Daly City field, and fort Scott field

### SF RESIDENCY POLICY

We follow SFRPD residency requirements for travel teams.

### ADDITIONAL PROGRAMS

Our players and teams are encouraged to participate in programs outside the regular season, including but not limited to: Tournaments, camps, clinics, futsal, ODP with CalNorth, PDP with NorCal and International Trips.
